10.3 Configuring Crystal Reports The LabWare LIMS reporting function is based on the premise that the reporting function should be easy to use, provide the user with the flexibility to modify and add reports as necessary, and make the data selection criteria for the report easy to configure.

10.3 Configuring Crystal Reports - LabWare

When you start Crystal Reports 10, generally you want to do one of three things: create a report, modify a report, or run a report against the data in your database. Reports take data from a database, process it, format it, and then output it to a printer, computer screen, or Web site. Crystal Reports [...]
