How Change Happens A Theory

How Change Happens is a new book from Duncan Green which explores the major themes that make change happen in the world. Whether you are an activist, campaigner, development practitioner, lobbyist, entrepreneur, individual or an organisation, it seeks to understand how power and systems shape change, and how you can influence them.

How Change Happens - Duncan Green

Change happens when culture changes through the dissemination of new ideas. One good idea has the potential to change the world. The real power to create change belongs to the media, which edits, frames, and disseminates ideas. As individuals adopt these ideas, they participate in the creation of change, and experience personal growth as well.
