This book, 'Incantations' and Other Stories, is a collection of 8 short stories, written by Anjana Appachana. Each of the 8 short stories is too good. Although the author has a feminist agenda, you will never feel that she is advocating for it. As you read each story, you will automatically conclude in the line, in which she wants us to.

This book of short stories is absolutely excellent. The main theme is the compromises that we make to continue to live in within society's standards. They are everyday scenarios taking place in India or Canada. There is a strong feminist slant in this collection, which is definitely refreshing from the other more traditional stories that I've
