Review of Mary Roach's Spook: Science Tackles the Afterlife

That's because when Roach tackles a subject--like the posthumous human body in her previous bestseller, Stiff: The Curious Lives of Human Cadavers, or the soul in the winning Spook: Science Tackles the Afterlife--she charges forth with such zeal, humor, and ingenuity that her students (er, readers) feel like they're witnessing the most interesting thing on Earth. Who the heck would skip that?

Spook: Science Tackles the Afterlife - Kindle edition by ...

Spook: Science Tackles the Afterlife. Review Spook: Science Tackles the Afterlife. by Mary Roach. Perhaps it's best to try defining this oddball book by what it is not. It is not a serious scientific study; it is not a piece of gallows humor; it is not a work with religious implications; it is

Spook: Science Tackles the Afterlife | Bookreporter.com

She ranges into the oddest nooks and crannies of both science and belief (and scientists who believe), regaling the reader with tales of Duncan Macdougall, a respected surgeon who weighed consumptives at their moment of death to see if the escaping soul could be measured in ounces, and of female mediums who, during s ances, extruded a substance called ectoplasm from their private parts (she even examines a piece of alleged ectoplasm archived at Cambridge University).
