Through the Dark Continent | work by Stanley | Britannica

I found the first volume of Stanley's "Through the Dark Continent" to be a difficult read. The adventurer's book is full of details about his travels exploring equatorial Africa, including carrying a boat to circumnavigate Lake Victoria. I read this book as an adventure novel, not as an ethnography, so I found myself bogged down in a lot of the ...

Why Was Africa Called the Dark Continent?

The Dark Continent (闇大陸 (アンコクタイリク) (Ankoku Tairiku)) is a place that stretches beyond the Known World which is nested inside the gigantic Lake Mobius (located at the center of the Dark Continent). The ancestors of the human race apparently migrated from there to the Known World, as the deciphering of myths and the study of ancient ruins seem to testify.
