Transcultural History reflects critically on the way history is constructed, asking who formed history in the past and who succeeded in shaping what we call the master narrative. Although trained European historians, the authors aim to present a useful approach to global history, showing first of all how a Eurocentric but universal historiography

Transcultural nursing has started from the mid 1950s .Since Leininger started her conceptualization of culture and development of her transcultural nursing theory in 1960s , transcultural nursing has become a major field of nursing. When the literature during the past 10 years was roughly searched using the PubMed database, more than
