That also helped drive (heck yeah, that pun is intended) the development of more fuel-efficient automatics. So, why buy a manual-equipped car if you're not guaranteed better fuel economy? A manual transmission gives you a little more control over how hard your engine works and how much power gets to the wheels, so if that's something you want, go for the manual. If you think manuals make you look cool, you're right — and you should buy a manual.
