When To Shift Gears On

When to Shift You want to shift to an easier gear on hills (climbs) or when you're riding into the wind. Use a harder gear on flats or if the wind is blowing from behind (a tailwind). When in...

How to Shift Gears on a Bike | Bike Gears Explained

Access PDF When To Shift Gears On A Manual Transmission Ppm

Shift One Gear at a Time. One mistake beginners tend to make is overshifting. In the beginning, you should focus on shifting one gear at a time and making sure it is a clean shift before shifting again. If your chain feels like it is skipping or making a rubbing noise, you probably didn't make a full, clean shift.
